

Welcome Home Redwood City Public Workshop

September 30, 2021
6:00 - 7:30 pm

Do you have any ideas for additional strategies?

Consider a citywide affordable housing overlay	Land Trust	Kmart site at 1155 Veterans for housing/ mixed use	Low-rise sites in the Woodside Plaza area for mixed use	Tie overall new capacity to our estimate job creation	There are persons with mental and physical handicaps who need affordable housing, infrastructure, and social support groups to help them live independently	
Any Mountain site on Whipple	Peninsula Boardwalk Mall transformed into mixed-use area like Santana Row	Maximize open and green spaces in all housing developments	Create Barcelona-style "superblock" in downtown that's only open to local traffic	Embrace SB9
